There's a hole in my soul
Thinkin bout my past
And I need some time for healin'
Like a waterfall of tears
That I cried for all the years
Somewhere we lost the feelin'

And I want to hold you, hold you
Maybe just for one more night

Chorus:
'Cause if we hold on tight
Before the darkness comes
We just might get back
To where we started from

(Timothy):
We see this love
For what it might become
We just might get back
To where we started from

(David):
Where we started from,
(Timothy):
Back to where we started from

There's a lonely road we crossed
Where the love we had was lost
Someday we're gonna find it
(Timothy):
We don't know what lies in store
But I don't there's so much more
And girl we'll get behind it

And I don't care how miles we've travelled
Or how many dreams have died
All that stands between us now
Is just our foolish pride

(Chorus)
