Here Im standing all alone
By the gate outside you're home
Nothins gonna make tonight
Allright
Think of how we used to be
It was always you and me
I will never be the same
Again
Although we are trough
Im longing for you
Tell me what to do
Breath in
Breath out
That's all I can think about
Breath in
Breath out
Until my heart stops bleeding
Just have to keep on breathin
On and on
Here Im standin all alone
By the gate outside you're home
In your window there's a light
All night
Never thought we come to this
Was there somethin that I missed
Did I ever do you wrong
Come on
Although we are trough
Im longing for you
Tell me what to do
Breath in
Breath out
That's all I can think about
Breath in
Breath out
Until my heart stops bleeding
Just have to keep on breathin
On and on
On and on
Coz I doin everythin that I can
And I try to take it all like a man

But it's odd when I don't know who I am
Know who I am
Breath in
Breath out
That's all I can think about
Breath in
Breath out
Until my heart stops bleeding
Just have to keep on
Breath in
Breath out
That's all I can think about
Breath in
Breath out
Until my heart stops bleeding
Just have to keep on breathin
Until my heart stops bleeding
Just have to keep on breathin
On and on
