Much of what I used to know is wrong  
Many dreams that I have had are gone  
Standing with new options from now on  
Waiting for a chance like this so long  
Living with complaints don't wanna hear it  
There's only you to blame don't have to fear it  
Course:

Stand up for yourself and brake for no one  
Live life while you can time waits for no one  
Do just what you want to do  
Everything will come to you  
Stand up for yourself an brake for no one  
I mean no one

Living on the edge or day by day  
Waiting ' til the sky falls down, it's OK  
Living with complaints don't wanna hear it  
There's only you to blame don't have to fear it  
Course:

Stand up for yourself and brake for no one  
Live life while you can time waits for no one  
Do just what you want to do  
Everything will come to you  
Stand out for yourself and brake for no one  
Spoken:

Just do what's right  
Stand up for yourself  
Speak your mind  
Don't listen to no one else  
And all this time  
I've tried to make you see  
But you're so blind  
Do you mind if I stand up and shout it to you?

Course:  
Stand up for yourself and brake for no one  
Live life while you can time waits for no one  
Do just what you want to do  
Everything will come to you  
Stand up for yourself and brake for no one  
Just do what's right  
Stand up for yourself  
Speake your mind  
Don't listen to no one else
