Iâ€™ve been asking myself why,
She even looked my way.
Iâ€™ve been asking myself how,
She even knew my name.
Now sheâ€™s telling me she wants me.
I canâ€™t believe my ears or my eyes.

â€™Cause sheâ€™s drop dead gorgeous,
Sheâ€™s all I ever wanted
Sheâ€™s more than life itself.

Sheâ€™s out of this world.
So fine and warm,
Sheâ€™s mine oh mine.
One thingâ€™s for sure,
That girl is out of this world
So fine and warm
Sheâ€™s mine oh mine
One thingâ€™s for sure
My girl is out of this world
Sheâ€™s out of this world

Sheâ€™s the girl you only meet
In your wildest fantasies
And I still donâ€™t have a clue
What she wants with me
â€™Cause when I look into the mirror
I see no Valentine no, no Romeo.

â€™Cause sheâ€™s drop dead gorgeous,
Sheâ€™s all I ever wanted
Sheâ€™s more than life itself.

Sheâ€™s out of this world.
So fine and warm,
Sheâ€™s mine oh mine.
One thingâ€™s for sure,
That girl is out of this world
So fine and warm
Sheâ€™s mine oh mine
One thingâ€™s for sure
My girl is out of this world

She's out of this world

She makes me feel
Like I can spread my wings
And fly up high above and see everything
She makes me feel,
Like I can do anything
And I can, and I can, yes I can

She's out of this world
So fine and warm
She's mine oh mine
One thing's for sure
That girl is out of this world
So fine and warm
She's mine oh mine
One thing's for sure
My girl is out of this world

So fine and warm
She's mine oh mine
One thing's for sure
That girl is out of this world
So fine and warm
She's mine oh mine
One thing's for sure

My girl is out of this world
She's out of this world
My girl is out of this world
She's out of this world.
