Can't see you when I want to
Can't see you when I want to
I know you are tied up and I'm free
You got so much to lose
Take your chances seeing me

Baby, you say you loved me
And I say that I'm gonna keep on loving you
Even though I can't see you when I want to

I remember that last night you said you'll meet me
At the same old usual time
And I was late and you had to leave early
Don't you know I almost lost my mind

Baby, I'm suffering
But still I'm gonna keep on loving you
Even though I can't see you when I want to

You say we are [Incomprehensible]
That no future for you and me
But I know we want each other
Don't care what the outcome may be here

We can see each other
When we want to
He just might wanna take you out
And I'll have to sit here until he's through

Baby, I'm gonna need you
[Incomprehensible]
I'm gonna keep on loving you everyday
Everyday with all my heart no, no, no, no, no

[Incomprehensible]
Just wanna see you're not that [Incomprehensible]
Baby, baby

Now my life may be empty
But when I have you near me
I feel so good, so good
When I know I can't see you

When I want you, I know I can't see you
But everything is gonna work out all good
