[Big Boi]

It is I, the B-I-G, the B-O-I

Me oh my, ears to the street and eyes to the sky

Kept my sights on the prize, wide open, door wide

like the thighs of a hooker spread, told the girl bye

I got bigger fish to fry, niggaz wish I would retire

Cause of the pressure I apply every time I bust a rhyme

None of the rest of ya are tryin, watch me stimulate the
minds of the masses

while you niggaz kickin it like jackasses

And who you votin for, Republican or Democratic?

Don't say it doesn't matter cause that's how they
stole the last one

Assassin's bullet might be waitin for Obama

Do you think they'll have a brother before Billy's baby
mama?

C'mon!

[Chorus: scratches by DJ Cutmaster Swiff]

"Look at the way you look at me" - "Da-Daddy Fat
Sax"

"In my Cadillac, six woofers and fo' amps"

"Look at the way you look at me" - "Da-Daddy Fat
Sax"

"In my Cadillac, six woofers and fo' amps"

"Look at the way you look at me" - "Daddy Fat-Fat
Sax"

"In my Cadillac, six woofers and fo' amps"

"Look at the way you look at me" - "Da-Da-Daddy Fat
Sax"

"In my Cadillac, six woofers and fo' amps"

[Big Boi]

My daddy told me it was mine for the takin

A true gift from God, the stars aligned when they made
me

Him and Rena's baby, their first born son

I'm Antwan Andr Patton, the only one

Bloodline of a champion with heart of the lion

I'm defyin all the laws like a caterpillar flyin

Way before my time and reside in the Dirty Dirty

where they still hangin nooses like we in the early '30s
Goddamn, you know who I am? {"Da-Daddy Fat Sax"}
Royal fam of Atlanta, Dungeon bitch you understand?
(boy!)

This ain't what you want, let's be clear from the
bungie
I write knockout songs, you spit punchlines for money

[Chorus]

[Big Boi]

With my ears to the streets and my eyes to the sky
I'm on another planet my nigga and you just fly
(Why?) Cause I'm {"Da-Da-Daddy Fat Sax"}
Take that motherfucker, take that!
With my ears to the streets and my eyes to the sky
I'm on another planet my nigga and you just fly
(Why? Cause he's Daddy Fat Sax)
Ridin off in the Cadillac like that nigga

[Chorus]

[Big Boi]

Yea {"Da-Da-Daddy Fat Sax"}
What his name is? {"Da-Da-Daddy Fat Sax"}
What ya talkin 'bout? {"Da-Da-Daddy Fat Sax"}
Boy stop!
