With one stroke of the pen
I tune in to your satellite radio or fm station
I've been patiently waiting to weigh in
Been under construction for two years
But now it's about that time I double dutch my way in
Leftfoot, rightfoot steppin over biters
It's like the game is haunted cause there's so many
ghost writers
Me see i'm a lifer with supply that may seem endless
Straight rider like a biker on a chopper with a hitlist
Witness the ni**a that spit that vicious
Pitbull attack sh*t when it comes to this rap sh*t
Daddy fat sax b**ch

Follow us hook:
Follow us now
Try to all the way now
/ it's not another let down
Got something to say right now...
Repeat hook

I know some of ya 'll done wrote a ni**a off
Like the leases on these cars
And these homes you ni**as thought you stayed in
With so many bosses why are they still
Laying ni**as off they job, ni**a for real
Gone give a ni**a a gig then
Help a brother get up out this pig pen
But nobody wants to keep it pimpin
Or 110 / so with this pen
I begin to illustrate from within, boy
Paint a pretty picture like i'm chilling with my friends
Everybody's got a pocket full of ends to spend
See picasso couldn't blend
Put it all together or fit in

I'm like a crocodile wal kin' 'round with alligator skin
Yes i'm is the product of the ghetto where i've lived
Call me sponge bob, boy
Soaked up game as a little bitty kid
And never been a lame before the fame I was the sh*t
And now i'm just big ya dig.

Follow us hook:
Follow us now
Try to all the way now
/ it's not another let down
Got something to say right now...
Repeat hook

Neil garrard bridge :
Why don't you come and find out what this is all about
I will only say this once so come and follow us.

See we not even gonna play with them either
We gone la-la lay it down every f**king time we see
'em
Make the club get crunk. yup
We the type of people
But wa it, it's not a sequel
No wa it, it's bb's prequel
The beginning before the beginning
Spend it how you spend it
Then if you sell dope ni**a sta ck it when you get it
You can't trick it
Or spend it until it's gone
That 's slippery business homes
Go get you a business loans
Come on

Follow us hook:
Follow us now
Try to all the way now
/ it's not another let down
Got something to say right now...
Repeat hook
