[Intro: Kid Cudi]

[Verse 1: Big Boi]

She say she love me when I'm gone
She miss me being home
IÂ'm always at the studio, that makes her alone.
Recently she even seems to hate on all my songs
Deleted my pictures, took my face up out of her phone
Where did we go wrong?
IÂ'm sitting here thinkin
She said the weed too strong
It keeps my breathe stinkin.
Dizzy-high I ride, away in my Lincoln.
Close my eyes and fly away but no blinking
IÂ'm just dreamin
She ainÂ't really screamin
It goes both ways, and I was trying to get even
Lost my whole evening
Mostly for no reasonin
Just my broken weaslin
Now I'm trying to easy it in
Came home IÂ'm late, I just put the key in
It would probably be straight if she was European
SheÂ's not, sheÂ's hot
And matters she could be
If you could hate on anybody girl
IÂ'm glad it is was me

[Hook: Kid Cudi]

She Hates me, She Hates Me (I know it for sure)
IÂ'm make her love me, IÂ'mma make her love me
But IÂ'mma make her love me again.
She Hates Me, (la la la) she hates me (I know it for sure)
IÂ'm make her love, IÂ'm IÂ'ma make her love,
IÂ'ma maker her love me again

[Verse 2: Big Boi]

I mean it started with a rose pedal and ended with a stem
By the car while I was thinkin damn here we go again
We used to hold hands and have such deep convo
Make a few plans like you wanna go where IÂ'ma go

Well lets leave pronto, that's what we did
Then we yelled out geronimo
And jumped off that bridge
Had a couple keys
You can move where I live
I know old ass niggas scared to do what I did
The shoe still fits, but I'm wearin out the soles
Sometimes I really feel as if burning out my soul
I should have a lot
Been preparing for my show,
But instead everybody keeps dick-riding my flow
Now I know I aint quite bitch, bitch I ain't broke
If she actin like a bitch, I guess we around white folks
Forgive me if I raise my voice, I won't raise a hand
But one thing I will do baby is raise my little man.

[Hook]

[Outro]

La, la, la la, la, la
Baby let me fix it, baby let me fix it (x2)...
