Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, Thom Pettie

Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, we up all night

I brought 1 chain for medallion
With a whole lot of motherfuckin diamonds
It's astounding like when I be rhyming
Always shining like the sun and moon
Like a hot air balloon requires fire
No methamphetamine but nigga we get higher
Big Boi, dopamine, I mean I'm dope
Ain't near when you niggas can't even come close
Simple fat sacks
Been a serial killer, oh nice to meet you, best believe
that
Like Ripley's boy, don't tempt me
I fuck around and leave your koolaid glass half empty
Your time is running, I'm just like the sand in it
Been jamin in half, well you niggas know you can't get
it
That's right, it as in IT
We like the apple on your iPhone, niggas always bitin

Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, Thom Pettie

Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, we up all night

Uh
It's shinin like the sun and moon
All of your wishes fallin through

They chasin after you
And climbin up the moon

Uh
It's shinin like the sun and moon
All of your wishes fallin through
They chasin after you
And climbin up the moon

Motel, hotel

Motel, hotel
Intercontinental, all cuz a nigga push a pencil
That's an S5 and not a rental
Bitch, I don't even ride, nigga continental
In the rear seat is a fat black nigga with a smile like
Denzel
Pretty model bitch with me movin bout as graceful as a
gazelle
Skinny as a pencil, foreign like a pretzel
Hit her with the XL
Just in case this funky ass bitch was doin intel
I'mma give her new shit and go tail
Snitchin ass bitches get evicted, no bus fair
Grown ass women ride a Bentley that's so clear
I'm so clear, Scotty Ottie dopplecious
Mama phony but I swear to God the pussy dope and
she delicious
One time for my wife and my mistress, gone

Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, Thom Pettie

Thom Pettie that ho
Thom Pettie that ho
Thom Pettie that ho
Free fallin, we up all night

Uh
It's shinin like the sun and moon
All of your wishes fallin through
They chasin after you
And climbin up the moon
