P-p-party rock
L-M-F-A-O
Shake that, shake that
Move that, shake that

We like to party rock and we came
To lose control
(Shake that)
Came to keep the party people dancin'
'Cause we
(L-M-F-A-O)

Well I'm Redfoo and I'm Sky Blu
And we brought some friends along
(Shake that)
Young boss Kevin Rudolf and Pitbull
They gon' help you sing this song

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I caught her when she fell from heaven
One to ten, baby girl's an eleven
And I ain't trying to spit no game
But I'm trying to figure out from where you came

Because a star like hers
Man, it rarely occurs in a world like this
Only way you ever meet a girl like this
Get up in a spaceship and take that trip
Gotta have a way with words
To even start a convo to get at her

Every other shake that becomes a blur
Be my mistress, I'll be your sir
I love her the way she is
The way she are, my shooting star
And I pray that you never change
(Never ever change)
Just stay the same cuz

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

Look up in the sky, it's a bird it's a plane
Nah, baby girl, that's a shootin' star with your name
I ain't gonna lie, I've told a lot of lies and played a lot of
games
But with you it's not the same
For you, I'mma ride, I want you by my side

I feel like them ghetto boys
(She's playin' with my mind)
I'mma tell you one more time
(She's playin' with my mind)

For you I'mma grind
You were there through the pain
You stood right by me, thanks to you I've survived
I guess it's true what they say
Love is blind

We together till the day that we die
Until death do us part
Baby you my heart
They can take all the houses and the cars
But they'll never take my shootin' star

I love just who you are

I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite, favorite, favorite
(Shake that, move that)
(Shake that, move that)

Shake that, shake that
Move that, shake that

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite

I love just who you are
I ain't gon' try to change ya
You are a shooting star
That's why you are my favorite
