The best of David Soul

Lets have a quiet night in

Tonight tonight, let's not go anywhere

Let's turn the latch on the door,

And if the phone should ring then let's just let it

The way we have before

And let's have a quiet night in, together by the fire
side

We can talk without anyone else around to hear

Let's have quiet night home the way we sometimes
used to

Don't they say every night at a party soon wears
thin

Let's have a quiet night in

Every night it seems the music plays

Voices talk to loud,

I seem to lose you in the crowd

Till its time to go

So tonight tonight let's not see anyone, if the
party's on

Were not free, I hardly see you now, more than a
minute

So just this once for me

Let's have a quiet night in

Together by the fireside

We can dance in the candlelight

Just as well alone

Its time for a heart to heart

Before I'm left behind you

Don't they say every night at a party soon wears
thin

Let's have a quiet night in

We can dance in the candlelight just as well alone

Let's have a quiet night home together just this
time
