Beyond the hills  
Beyond the plain of the valley  
Beyond another rim  
The horse and rider's seen

I am the rider  
And the horse is my time  
Oh lady, lady wait for me

I am for ever there  
Riding at a distance  
Hoping to cross to you  
Needing to be found

I am in pain, hold me I'm not sane, hold me  
I have no name, hold me  
Oh oh oh lady, lady wait for me

So see me if you can  
The rider is me  
And I will try, yes I will  
To come to you

The way is strange  
And the distance is my life  
Oh lady, lady wait for me

I am for ever there  
Riding at a distance  
Hoping to cross to you  
Needing to be found

I am in pain, hold me I'm not sane, hold me  
I have no name, hold me  
Oh oh oh lady, lady wait for me
