Freaky girl  
freaky girl  
freaky girl  
freaky girl  
(repeat x3)

take me to your freaky side  
I'll meet you there if you want me  
tell me just what you like  
don't hold back my lady  
we can do it all the time  
see it there's more for us to see  
let me know if you'll be mine  
from know on we'll get nasty  
(x2)
