I love to see  
when you smile  
it makes me happy  
don't ask me why  
i love to be by your side  
i never worry a shame to high  
take me higher with your words & voice so sweet  
give me fire with your hands privent for me

ah...!! your voice sweet  
ah...!!! your hands for me

i love to be front of you  
look in your eyes lose control

i love to see when you confuse  
& i am standing when your word has be new

take me higher with your lips so soft so sexy  
give me fire just in case i wanna be free

ah....!!! your lips so sexy  
ah....!!! i wanna be free

i love to feel kind of mind  
when i take your hand everthing is fine
