Cara Mia why, must we say goodbye?
Each time we part, my heart wants to die
My darling hear my prayer
Cara Mia fair
Here are my arms you alone will share

All I want is you forever more
To have, to hold, to love above all

Cara Mia mine, say those words devine
I'll be your love till the end of time

All I want is you forever more
To have, to hold, to love above all

Cara Mia mine say those words devine
I'll be your love till the end of time
