DAVID WILCOX

CABIN FEVER

Lazy hit the highway early today
And didn't slow down for his clothes
Wandering feet took him on his way
Where to nobody knows
He hit the floor runnin' like a cheetah
Eyes wide open with a scheme
A freebird flyin' away from here
Chasin' down one man's dream

He had to get movin'
He had to get movin'
He had to get movin'
And find a cure for his cabin fever
Find a cure for the cabin fever

Iron hog man dancin' with the wind
Out in the morning light
He stayed up late
Dealing with fate
And just made it through the night
Now he's gone gone
And he won't come back
Not for a year or two
But he flies high and he flies low
Like an arrow straight and true

He's got to get movin'
He's gotta get movin'
He's got to get movin'
And find the cure for the cabin fever
He'll find the cure for his cabin fever

He's gotta get movin'
He's got to get movin'
He's gotta get movin'
And find the cure for the cabin fever
He'll find the cure for his cabin fever

Now don't think I don't love you
Or mean the things I say

But I've got a heart like a sunset
It just keeps slippin' away
I've always been a drifter
I can't sit still too long
I don't want roots like a tree
So I'll keep rollin' on
No I'm not hiding or running away
But there's just something I've got to see
I'll be there in the morning
But I'll be gone sweet breeze

I got to get movin'
I gotta get movin'
I got to get movin'
And find the cure for the cabin fever
I'll find the cure for this cabin fever
