DAVID WILCOX

BREAKFAST AT THE CIRCUS 1987

LET IT FLOW

We got ice in the fridge

Cold drinks comin' up

Hurry on over

Bring some glasses or cups

Make yourself at home

Turn the music up loud

The jumpin' dancin' with the wailin' crowd

Let it flow down easy

Let it flow down easy

Let it flow down easy

All over your soul let it flow

The way she walks could stop a truck

Her mind will put you out of luck

Her eyes will put you out of house and home

She'll turn your heart to stone

She's today's woman

She takes no lip

She needs no excuses

Takes no prisoners

She knows what she wants

And needs no help

She can do it all by herself

Let it flow down easy

Let it flow down easy

Let it flow down easy

Let it make you feel good like rock 'n' roll should

Let it flow down easy

Let it flow down easy

Let it flow down easy

All over your soul let it flow

Ah love is where you find it

You never say never

The rock told the sea forever and forever

The sea told the sky told the moon told the stars

We've got to stop meeting behind parked cars
Up in the mountains down in the street
Long gone dinosaur with inflatable feet
A polyester wig and a credit card
Tryin' so hard to impress

Let it flow down easy
Let it flow down easy
Let it flow down easy
Let it make you feel good like rock 'n' roll should

Let it flow down easy
Let it flow down easy
Let it flow down easy
All over you soul let it flow

Ah let it flow up down around and around
Deeper higher set it on fire
Roll it down it shoot it on down
You've got to be here for that crazy sound

Let it flow down easy
Let it flow down easy
Let it flow down easy
All over your soul let it flow
Let it flow
All over your soul
Ah let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Alright
Ah let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
Let it flow
