I like it best when she cries  
The tears roll down from her eyes  
I take her in my lovin' arms  
And I pretend she's mine again  
Can't you see  
When you mistreat her she runs to me  
When you mistreat her she comes to me

Her love was mine 'till she met you  
You threw her down for someone new  
You make her sad it makes me glad  
She runs to find the love she had  
Can't you see  
When you mistreat her she runs to me  
When you mistreat her she comes to me

You're such a fool why can't you see  
You're driving her back home to me  
And when you mistreat her she runs to me  
When you mistreat her she comes to me

I like it best when she cries  
The tears roll down from her eyes  
I take her in my lovin' arms  
And I pretend she's mine again  
Can't you see  
When you mistreat her she runs to me  
When you mistreat her she comes to me  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her  
When you mistreat her
