[Verse 1:]

How many times can I run through your mind?  
Your kind don't understand mine-  
It must be an obsession- stressin'-  
Tryna see what I'm about- I'ma keep ya guessin'.  
How many times can ya run my name up out ya mouth?  
Not satisfied until ya find some sh\*t to try to bring me  
down-  
Well you can keep tryna hit me where it hurts-  
But you ain't got sh\*t but words.

[Hook:]

Everybody everybody everybody talks-  
Don't need anybody anybody f\*ck 'em f\*ck 'em all-  
It's me against the muthaf\*ckin' world-  
Cuz everybody everybody everybody's talkin'.

[Verse 2:]

F\*ck what they say- f\*ck what they talkin' 'bout-  
No matter what ya say they still gonna run they mouths-  
They wanna know everything- everything-  
They gotta be in the know- gonna say anything  
anything-  
They gotta be in control... it's hilarious  
(hahahahahahaha)  
You're so aware of what ya see 'n' hear on my-y-y-y  
Myspace-  
But you're scared cuz- you wouldn't say it to my face!  
Beware- cuz if you dare-  
Well then I'm there- wit' a pistol to ya face-  
So keep talkin' cuz when that barrels in ya mouth- then  
ya chokin'-  
You ain't got sh\*t to talk about. (Haha)

[Hook:]

Everybody everybody everybody talks-  
Don't need anybody anybody f\*ck 'em f\*ck 'em all-  
It's me against the muthaf\*ckin' world-  
Cuz everybody everybody everybody's talkin'.

[Breakdown]

Everybody's got somethin to say...  
Now I got somethin' to say...

[Verse 3:]

All up in my business- time 'n' time again  
It's evident you b\*tches wanna see me fall-  
Keep- keep it on ya wish list on ya things to do-  
Give it up like a witness- like snitches do-  
Get any information you can get on me-  
And even if it's fiction- you still speak-  
But you'll be a contradiction-  
Every time you say "F\*ck Haters!" -'n' then you hate on  
me...  
They gon' build you up- they gon' knock you down-  
They gon' show you love 'n' then they watch you  
drown...  
(Watch you drown...) HaHa! That's how you haters get  
down...  
E-e-e-everybody's talkin'- talkin' ta-a-a-a-a alkin'-  
E-e-e-everybody's talkin'- talkin' ta-a-a-a-a-a-alkin'  
talkin'.

[Rap:]

Everybody wanna talk like they know what's goin' on-  
What's goin down-  
Everybody wanna front like they ain't in the wrong  
Bbut they got the right to talk sh\*t 'n' clown-  
It's called denial b\*tch- take a good look at yourself-  
Quick to call on judgements- get on everybody else-  
But I'm a different type-  
I might let it slide or I might just serve you funk on  
sight-  
You can justify- flat out deny-  
But I can see that faulty look up in ya eyes-  
Feel free to hate on me-  
I can give you plenty things to talk about-  
If it's jealousy that makes you envy me-  
It's another root of evil out ya mouth-  
Call me a b\*tch- hoe- slut-  
I don't give a f\*ck what you got to say-  
Cuz it's irrelevant- cuz I'm a real b\*tch  
'N' I can put you in ya place.  
I'ma call it how I see it- you ain't gonna be sh\*t-  
(But at least you got a song about ya.)  
Cuz misery loves company- you speak on me to feel  
empowered.  
If I'm the North- you like the South  
When it comes to what we both about-  
I'm goin' straight to the top- 'n' b\*tch you goin' down...  
(B\*tch you goin' down...) Hahahahahaha...  
B\*tch you goin' down.

[Hook:]

Everybody everybody everybody talks-  
Don't need anybody anybody f\*ck 'em f\*ck 'em all-  
It's me against the muthaf\*ckin' world-  
Cuz everybody everybody everybody's talkin'.

[Breakdown]

Everybody's got somethin to say...

E-e-e-everybody's talkin'- talkin' ta-a-a-a- alkin'-  
E-e-e-everybody's talkin'- talkin' ta-a-a-a-a-a-alkin'  
talkin'.  
Now I got somethin' to say....
