[Intro:]

You were never my friend-
You were never my friend-
You were never my friend...

[Rap:]

Aint no forgivin' I'ma give you what you gettin'-
No forgettin' what ya did- it's a shame how ya livin'-
In my life you're forbidden-
In my eyes you a B*tch N I despise how ya get down-
Can't be ya friend N I'ma rise to the top while ya
wonder why ya not-
You can front but you can't fake what you ain't got-
Put the spotlight on ya-
Now you know I wanna shine so hard cuz you ain't
gonna...

[Verse 1:]

You ain't gonna get off easy...
You ain't gonna get off on me...
Pay the cost cuz you lost all respect from me-
I'm a Boss B*tch- you can't top this baby...
I'm gonna call you out-
I'm gonna call you out-
You scandalous- you scandalous- and ya did me
wrong...
And you can't take me down-
Cuz I ain't goin' out without a fight
How ya like me now? yeah...

[Hook:]

I considered you my family-
I considered you my friend
N I thought you could never do no harm-
But I was wrong.... you know you did me wrong-
Hatin' on me all along-
I'ma keep it movin'- (keep it movin') move on...
Now I'm your competition-
I intend to win N I am gettin' my revenge...

Cuz you ain't no friend of mine so I'ma handle mines-

You ain't a friend- ain't a friend- get out my life!...
You ain't a friend- you ain't a friend of mine...
You ain't a friend- you ain't a friend of mine...
You were never my friend- you were never my friend-
You were never my friend...
You ain't no friend of mine...

[Verse 2:]

Now I been hearin' that you're speakin' on me-
Got nothin' goin' for you-
That's when it's easy- to hide the truth-
Sittin' 'round talkin' 'bout what ya heard about me now-
Say it loud- say it proud if ya got somethin' on me-
Airin' dirty laundry- puttin' too much on it-
If it makes ya feel better 'bout yourself- keep talkin'-
So that you can run your mouth- cuz that's all that you
about-
I'm a fighter- I'm a ridah- how you like me now?...

[Hook:]

I considered you my family-
I considered you my friend
N I thought you could never do no harm-
But I was wrong.... you know you did me wrong-
Hatin' on me all along-
I'ma keep it movin'- (keep it movin') move on...
Now I'm your competition-
I intend to win N I am gettin' my revenge...

Cuz you ain't no friend of mine so I'ma handle mines-
You ain't a friend- ain't a friend- get out my life!...
You ain't a friend- you ain't a friend of mine...
You ain't a friend- you ain't a friend of mine...
You were never my friend- you were never my friend-
You were never my friend...
You ain't no friend of mine...

[Breakdown:]

Now to love who I am right now
Ya gotta know who I was back then-
I'm too proud to let myself down
And I can't get down with that again-
Ain't no pretendin' gotta put a end
To the fake ass friends and the backstabbin'-
Finally understand it-
Don't depend on no-one else if they are not your true
friend...
You ain't a friend- you ain't a friend of mine...
You ain't a friend- you ain't a friend of mine...
You were never my friend- you were never my friend-
You were never my friend...

You ain't no friend of mine...

[Hook:]

I considered you my family-
I considered you my friend
N I thought you could never do no harm-
But I was wrong.... you know you did me wrong-
Hatin' on me all along-
I'ma keep it movin'- (keep it movin') move on...
Now I'm your competition-
I intend to win N I am gettin' my revenge...

Cuz you ain't no friend of mine so I'ma handle mines-
You ain't a friend- ain't a friend- get out my life!...
You ain't a friend- you ain't a friend of mine...
You ain't a friend- you ain't a friend of mine...
You were never my friend- you were never my friend-
You were never my friend...
You ain't no friend of mine...
