Annihilate! - Every cretin and creed that obstructs my  
path to wisdom  
The path of fire that few have dared tread before me  
Awaken within you pride and wrath - vengeance  
Upon the compassionate let Cain's bludgeon reign  
supreme

Garden of innocence wither and perish, littered with  
the fallen  
Pious victims of their own despair  
The children of god, poisoned and lost suffering  
amongst the wreckage  
Of Eden

For I dwell in paradise  
Cast in flesh and bone  
All righteousness kneels beneath me  
Impurity enthroned
