I'm waiting, I'm waiting here again  
I try not to tell you how I am  
The mirror's laughing, I'm running in the rain  
An echo surrounds me, the screaming of a lamb  
This nauseous feeling tears me apart  
From right or wrong, God did I try  
The almighty God well is this art?  
I couldn't stand to tell you why...  
Into the dungeon there's no recall  
I'm waiting for the death next door  
The Devil and the seven steps  
Are waiting here forevermore  
I'm waiting, I'm waiting by the phone  
I have some questions, why won't you call  
You know I can't reach you on your dark throne  
I had the faith in you now watch it fall  
Your dreams of me were true about you  
The webs you spun, you had me in your net  
The wind blows me away from you as I knew  
What you are is what you get  
What you get, you deserve it  
You deserve it, you deserve it  
You bastard how could you do!?
