What is this cold dark room  
Why can't they let me out  
I can't see any resource  
All I see is bars and bricks around my head  
Do you think that they would hear my scream  
Do you think they would wash my face  
There's nothing special with me  
There's nothing special at all

There's no use to resist  
Unless you're flying high  
So all I have is lust  
So all I have is lust for a prayer

What's life and what's it for  
Live your life you will never get more  
And after this what is to come  
And what is 101

I've always believed the words you said  
But I was never convinced  
I had to know if it was true  
But now your lies bends out in my brain  
I run around with screams of pain  
Was it worth all the weeping sorrows  
So what the hell am I crying for!!
