It's dark outside, it's dark in my mind  
Where's the light I used to find  
Once I was riding on the clouds  
But now I'm miles from the sun  
I am miles from the sun

I'm out again, I try to find the way back home again  
Too many questions, but no answers  
When all I want is

To be free from all the tears  
I keep inside, I'm drowning in  
Be free from all the pain  
That tears me apart  
Like an earthquake inside  
Turn back now

I see a face, I see a light  
I see the damage to come  
What am I supposed to do  
When everything  
Goes round and round my head

I'm not to blame for all the fear  
The dying seer  
You see I have to take another way  
Out of my mind  
Turn back now

I don't need no sympathy  
I don't need no charity  
I know it's all up to me  
If I will see the dawn

I'm back in time to live again  
I'm back to the scene of the crime  
What am I supposed to do  
When everything goes round and round

Be free from all the tears  
I keep inside, I'm drowning in  
Be free, don't need to fly

There's no use to cry  
Fight the pain  
Turn back now  
Turn back now  
NO!!  
Turn back now  
Before I'm fading away
