I remember the first time I ever saw you was in a
picture
Hung it on my wall, and to this day
Yours still stands by the window
In remembrance of the best day

(all night long) We'll sing the same ol' song
(all night long) HERE WE GO!

We gotta make gotta make
Ok here we go
I hear the best song now, on the radio
Everyone, everywhere tell me what to feel
Come on and get with it girl, cause yous a perfect 10
On my own, here we go, whatcha wanna know?
Break it down, take it slow, that's the way to go
Anywhere you wanna go, you can go with me
Take me there, here we go, tell me whatcha wanna be

I remember the first time I ever saw you was in the
summer
Drinking 40s by the big blue bay
You still stand by the ocean
In remembrance of the best day

(all night long) We'll sing the same ol' song

(all night long) HERE WE GO!

We gotta make gotta make
Ok here we go
I hear the best song now, on the radio
Everyone, everywhere tell me what to feel
Come on and get with it girl, cause yous a perfect 10
On my own, here we go, whatcha wanna know?
Break it down, take it slow, that's the way to go
Anywhere you wanna go, you can go with me
Take me there, here we go, tell me whatcha wanna be

All night long, we'll sing the same ol' song
All night long, WE'LL SING

On my own, here we go, whatcha wanna know?
Break it down, take it slow, that's the way to go
Anywhere you wanna go, you can go with me
Take me there, here we go, tell me where you wanna
be
Tell me where you wanna be
Tell me where you wanna be
Tell me where you wanna be
