

Dawn Of The Dude "Thumbs Down Day"

Visit "[Thumbs Down Day](#)" on MotoLyrics.com

I'm dreaming that I never wanna be here again
I'm dreaming that I never wanna see her again
A dead town and a boring day
I'm straight up going out of my head
I'm dreaming that I never wanna be here again
I'm dreaming that I never wanna see her again
Was it love, or murder she wrote?
I guess I never really cared.
I'm narcissistic and underrated

Catastrophic and devastated girl
Come and take my hand
An endless vacation could possibly be
A possible solution to a thumbs down day

I'm serious I never wanna be here again
I'm serious I never wanna see her again
Was it love or murder she wrote?
I guess I never really cared.
