"I Need A Man To Love"

Visit "[I Need A Man To Love](#)" on MotoLyrics.com

Whoa, I need a man to love me.
Don't you understand me, baby ?
Why, I need a man to love.
I gotta find him, I gotta have him like the air I breathe.
One lovin man to understand can't be too much to
need.

You know it
Cant be now
Oh no
Cant be now
Oh no
Cant be now
Oh no
Cant be now
Oh no
Cant be now
Oh no
Cant be this loneliness
Baby, surrounding me.

No, no, know it just can't be
No it just can't be
There's got to be some kind of answer.
No it just can't be
And everywhere I look, there's none around
No it just can't be
Whoa, it can't be
No it just can't be, oh no!
Whoa, hear me now.

Whoa, wont you let me hold you ?
Honey, just close your eyes.
Whoa, wont you let me hold you, dear ?
I want to just put my arms around ya, like the circles
going round the sun.
Let me hold you daddy, at least until the morning
comes.

Because it
Cant be now
Oh no

Cant be now
Oh no
Cant be now
Oh no
Cant be now
Oh no
Cant be now
Oh no
Cant be this loneliness
Baby, surrounding me.
No, no, no it just can't be.
No it just can't be
Oh, baby, baby, baby, baby, just can't be.
No, no, no
No it just can't be

And why can't anyone ever tell me, now ?
No it just can't be
I wake up one morning, I realize
No it just can't be
Whoa, it can't be.
No it just can't be
Now go!

Whoa, I need a man to love me
Oh, maybe you can help me, please.
Why, I need a man to love.
But I believe that someday and somehow it's bound to
come along
Because when all my dreams and all my plans just
cannot turn out wrong.

You know it
Cant be now oh no
Cant be now oh no
Cant be now oh no
Cant be now oh no
Cant be now oh no
Cant be just loneliness
Baby, surrounding me

No, no, no, it just can't be
No it just can't be
Oh, baby, baby, baby, baby, it just can't be
No it just can't be
And who could be foolin me ?
No it just can't be
Ive got all this happiness
No it just can't be
Come, come, come on, come on, come on, and help
me now.

No it just can't be
Please, can't you hear my cry ?
No it just can't be
Whoa, help ...
