Ooh, hey, hey, now  
Ooh alright

You went away, had your chance to say  
"I love you and I need you baby"  
Yeah, but even if, honey I told you daddy now  
You would not believe me anyway, no, no, no

Maybe you will now  
I've changed a lot somehow  
Let me prove what I say

Come back and believe my love  
Please now, come back, babe and believe my love  
Won't you come back and believe the magic of love?

Oh, I want the light without the darkness  
I want the sky without the sun, yeah  
When do the stars and the moon reach out?  
When they see me alone without my loved one, yeah

Oh, now baby, don't you hear me  
Won't you hear me I gotta, gotta, gotta, gotta, gotta tell  
you?  
Oh baby, baby, baby, baby, baby  
Honey, I just gotta tell you now  
Honey, I wanna tell you that I want you to dig it

Now if you believe in magic  
Don't be afraid, afraid to use it, baby  
No, no, no, no, no, no, no, no come on home  
Dressed in the mystic silk or wearing rich rags and  
waste

Darling please  
Come on back to me  
I know we can be  
Part of a magic race

Come back and believe my love  
Please to come back, people believe my love  
Come back and believe the magic of love

Hey, now come back, babe, and believe my love  
You come back, please believe my love  
Come back and believe the magic of love
