im rushing home
she said shes packing her things
and shes leaving the keys to the front door
shouldve had known
that it would happen once again
was there something i couldve done
to make you stay ?
then watch you turn around and find
afraid of to walk out another day
im sick of this love
caught up in my fears and its tearing me up

im so emotional
ever since this situation my mind is telling me
im no good , ever since you been gone
life just aint the same
theres no one left to blame but love
im so emotional
im crying even though these tears have never
fallen from my eyes
im so emotional (so emotional)
im so emotional

the week is gone (gone)
still looking at these four walls
thinking if i should pick up the phone
bout what im gonna say to you , my bed has never
been so cold
and baby it hurts , i said it hurts
to hear you say
you aint needin' me like ive been needing you
to feel this way
and now il never have the chance to feel again

im so emtional
ever since this situation my mind is telling me
im no good, ever since youve been gone
and life just aint the same

the only one to blame is love
im so emotional
im crying even though the

tears have never fallen from my eyes
im so emotional (im so emotional say)

im so emotional (im so emotional say)
im hurting tryna hide the pain
inside, but its tearing me up (im falling)
im losing , ever since you said goodbye
why she giving me up?
im so emotional
im hurting tryna hide the pain inside but its tearing me
up
(im falling)
im losing it, ever since she said goobye
why she giving me up ?

i know i waited too long
to fix my mistakes i know
i treated her wrong
but theres gotta be an easier way
to heal my pain
she left me feeling (oh, oh , oh)

im so emotional
ever since this situation my mind is
telling me im no good
ever since youve been gone
and life just aint the same
theres no else to blame but love
im so emotional
im crying even though the tears have never fallen no
no no
im so emotional (so emotional)
