Know I really want you baby
Yeah I really want you for myself
You know you drive me crazy
Thats why I need a little help
Cause I dont get this feeling
No this aint quite like me
You got me in my feelings
And I dont want you to leave
And I know this might be all that, all that
But I wanna give my love away

[Chorus]

So lets just kiss, like well never get a chance again
Like this
Lets make love till we no longer exist
Ill just lose myself inside you baby
All I have is this one wish
Can we do it just like this, yeah
Can we do it just like this, baby
Can we do it just like this

I met a lot of girls but they be
Tryina figure out what they can get
Ive been feeling different lately
Cause youre the only one I cant resist
But its like Im loosing, my mind, Im out my brain
Girl you got me choosing
Dont think Ill ever be the same, no
And I know it might be all back
And I know this might be all that, all that
But I wanna give my love away

[Chorus]

So lets just kiss, like well never get a chance again
Like this
Lets make love till we no longer exist
Ill just lose myself inside you baby
All I have is this one wish
Can we do it just like this, yeah
Can we do it just like this, baby
Can we do it just like this

Girl I know this might be your bad
But I wanna give my love away
Baby I cant let you walk past (walk past)
I just wanna feel you close to me

[Chorus]

So lets just kiss, like well never get a chance again
Like this
Lets make love till we no longer exist
Ill just lose myself inside you baby
All I have is this one wish
Can we do it just like this, yeah
Can we do it just like this, baby
Can we do it just like this.
