[First Verse: Willie]

All day, you've been on my mind
So I'm rushing home, girl it's that time
To put you on, and let you ride
And it ain't no better fit than when I'm up inside
So girl don't keep me waiting I can't take it anymore
Dinner's on the table, baby push it on the floor
This here gone be our bed, open up them legs
I'm ready for it girl don't make me beg

[Chorus]

Girl you can get it on the wall, on the wall, on the wall
Girl you can get it in the chair, in the chair, in the chair
We're going in so hard, so hard, so hard
We might not make it to the bed, to the bed, to the bed
We might not make it to the bed
We might not make it to the bed
We might not make it to the bed
We might not make it to the bed

[Second Verse: Robert]

Lights on, blinds open, neighbors walking pass,
Broad daylight, got you up against the glass,
And I don't care if they're watching while I'm all up on
that ass
They already know just how we do, girl no questions
asked.
Let's keep it going girl tonight let's break a record
Let's see who do it longer, do it stronger, do it better
This ain't no feature film so baby I ain't coming soon
You'd get it anywhere, don't need no bedroom

[Chorus]

Girl you can get it on the wall, on the wall, on the wall
Girl you can get it in the chair, in the chair, in the chair
We're going in so hard, so hard, so hard
We might not make it to the bed, to the bed, to the bed
We might not make it to the bed

We might not make it to the bed
We might not make it to the bed
We might not make it to the bed

[Third Verse: Brian]

Baby strip down, let me see them clothes hit the floor
And you ain't gotta say a word cause that body saying
so much more
Cause tonight we're going all the way in
Girl I hope you're ready
Right here on this dinner table, shawty keep it steady
Can't wait another minute girl I wanna be all over you

[Chorus]

Girl you can get it on the wall, on the wall, on the wall
Girl you can get it in the chair, in the chair, in the chair
We're going in so hard, so hard, so hard
We might not make it to the bed, to the bed, to the bed
We might not make it to the bed
We might not make it to the bed
We might not make it to the bed
We might not make it to the bed
