Let me tell what I'm gon do for you
Can I tell how I'm gon set you free
So much more I can help you learn
There's a lot that you need to see
Every girl don't hear this kind of "G"
Every girl don't see this side of me
Did you hear me
I said every girl don't see this side of me

I bet all the, money in the world that u ain't happy girl
I bet all the, money in the world
That I can make you my girl

As the world turns
As the time has passed
The sun burns, you need me
As the rain falls
As the birds fly
Girl no lie you need
Look me in my eye and say ya dont
Girl you know I'm right tell me I'm wrong
You won't cuz you need me

Check out my resume
There's a reason why I talk this way
Walk this way, act this way
Don't fight the smile that's on your face
Baby I know its overwhelming
But trust me, you're in good hands
So let go, lay down and
enjoy yourself

As the world turns
As the time has passed
The sun burns, you need me
As the rain falls
As the birds fly
Girl no lie you need
Look me in my eye and say ya dont
Girl you know I'm right tell me I'm wrong
You won't cuz you need me

Its written on your face
So girl don't be ashamed
And maybe it don't take a lot
But it's clear, what you and want I got
My love is so appealing
Baby don't fight the feeling
Like the air you breathe
Girl I swear that you need me

As the world turns
As the time has passed
The sun burns, you need me
As the rain falls
As the birds fly
Girl no lie you need
Look me in my eye and say don't
Girl you know I'm right tell me I'm wrong
You won't cuz you need me
