"Ben Hoffman's Nose"

There is a guy i used to know who likes to get really high on other people's doe. late at night when the cheques come in. he looks like jesus bonehead with snot runnin down his chin. every song i ever wrote went up ben hoffman's nose. he cut them into little lines and sucked them up a hose. i wrote a lot of song and i wrote them for myself. but this one is different, it's all about revenge. you know i've always hated skinheads but i'm willing to put it aside. if one of you nazi bastards would mail me that fucker's hide. every song i ever wrote went up ben hoffman's nose. he cut them into little lines and sucked them up a hose.
