The more I look the less I see propped up in front of my  
TV I'll scale these walls before I'm free, kill my pain and  
then my grief Sitting all alone and I don't really think,  
thinking about life and the way it used to be Soaked  
from the rain, they'd never let you have a chance  
Soaked from the tears and all across circumstance You  
were ridiculed, smashed up put down through the  
broken mirror when your life got turned around Never  
known silence, never known pain, never listen to their  
words it calls you insane.

A place to rot a place to bleed, placed into this captivity  
A place to rot a place to bleed, placed into this captivity

As time wears on you got away from home Away from  
your momma's castle, yeah, you're all alone You're out  
in the street in a lot of trouble, blinded by the  
knowledge you stand around and stumble Feast on  
fury never seem to get enough rage, get worried  
falling out of touch Living like a madman feeling so  
violent, wasting your money wasting my time

A place to rot a place to bleed, placed into this captivity

A place to rot a place to bleed, placed into this captivity

Run from your problems but you can't stop them (no)  
Hide from your problems but you can't stop them (no)  
You're soaked from the rain and you can't stop it (no)  
You're soaked from the tears but you still got it (no)
