

Day26

"Fuck Satan To Death"

Visit "[Fuck Satan To Death](#)" on MotoLyrics.com

Jesus is my savior and satan must die
This is the end ready for death
Reaper is near pity the damned
Lucifer's lust has got out of hand
Let's fuck him up by fucking his ass
Rear out his tail pull out his horns
Send the fucker where he belongs
Send the mother back to his hole
Let's take him out and slip him the pole
It's easier said than easier done
The battle's over and we have won
Snuff out his life and have the last laugh
'Cause we've got jesus here in the band
