(Will):

I gotta slow down, and find the one that's right for me
I'll be on the lookout, please tell me where could she be
I'm sick and tired of juggling, And still can't find the
one

When I find that perfect shorty, I swear that I'm done
These phonies make it hard to see
Please reveal yourself to me
I know she's waiting for me I believe

(Chorus):

Is she on my left? Is on my right? Is she in the middle?
Is she here tonight? I been searching high, I been
searching low
I don't wanna search no more
I need a girl(girl)..friend (a girl) girl..firend
I need a girlfriend, I need a girlfriend

(Que):

Feels like I'm close now
Something's in the air tonight
I don't wanna fool around
I'm on the biggest mission of my life

(Will):

I'm sick and tired of juggling and still can't find the one
When I find that perfect shorty, I swear that I'm done

(Que):

All thesephonies make it hard to see, please reveal
yourself to me
She's somewhere waiting for me I believe

(Chorus, Que ad libs)

(Birdge, Robert & Mike)

I need somebody to hold
Need somebody to talk to when I'm out on the road
Need somebody to heat the bed when it's cold
Quality time is automatic, she's mine for sure (she's
mine for sure)

I'm a put out the call (oooh oooh)
But you can't be too far (oooh oooh)
I'm not givin up until I reach you girl
I just need that one to share my world

(Chorus x2, Robert & Brian ad lib)
