(Verse)

You're getting sick and tired
Of me being gone
Well you can set the bed for 2 babe
Cause I'm coming home
Unlock the door, I'll let myself in
Just go wait for me, I won't be long, no
No more thinking about your body
No more boy I miss you
Cause now I belong with you
And we got time because

(Chorus)

When the sun comes up, till it's dark up in this room
We'll be making love, baby it's your day
From am to pm, I am yours 24, forever
Whatever you want because it's your day

(Verse)

Don't even notice how the time is passing
It went so quick from 6 to midnight
How I soon and we'll still be going,
When it's this time tomorrow
How the headboards are knocking baby
This bed is gonna remember me and you
And how we made it last all day
No more thinking about your body
No more boy I miss you
Cause now I belong with you
And we got time because

(Chorus)

When the sun comes up, till it's dark up in this room
We'll be making love, baby it's your day
From am to pm, I am yours 24, forever
Whatever you want because it's your day

(Bridge)

Baby we gonna have to take a break so you
Can call into your job and tell them you won't be in
today

With me , for one more
We gon' need time
Before I gotta go again
When the sun comes up

(Chorus)

When the sun comes up, till it's dark up in this room
We'll be making love, baby it's your day
From am to pm, I am yours 24, forever
Whatever you want because it's your day
