Shawty I ain't tryna be alone
Don't even know If I make it to the next song
Let's get up out of here
So me and you can be alone
Just grap my hand and we gone

Don't care 'bout your man
What has he done, what is you saying
Girl stop frontin'
And as long as we here
Right now, let's begin it right now
So let me love you girl

Lemme Lemme Lemme love you girl
Lemme Lemme Lemme love you girl (Hey)
Lemme Lemme Lemme love you girl
So let me love you girl

Honey, I ain't tryna mess you up (If you wasn't now)
Then you never would left the club
It ain't a mystery, I know you know I know what's up
Let's get it in and we jumped
