[Day26]

Come inside, I know what you want
Yeah, wait, before we do that
I just wanna tell you something
Jim Beanz, Day 26, are you listenin'?

Hello lady, I'm glad you came
I can tell you we're on the same page
You want it like I do, ready get into
Some good love
I'll let you have it, I'll make you last it
You never know what's gonna happen next
This such a usual for a finger that you used to
Type a C

[Chorus]

Baby I love the way that you touch me
Tonight we gonna set the stage yeah
I just can't get enough, baby I'm burning up
But I just got one question for you baby
Tell me, have you made love lately
I just wanna know if we can take a moment
To get it right, I gotta know
Have you made love lately, tell me
Have you made, tell me
Have you made, tell me
Have you made love

[Day26]

I just begin to, experiment you
Baby I think I found the phone you love
There's so much energy, I feel the chemistry between
us
From your reaction, I see the passion
This whole experience is something new
Long as I serve my purpose, wanna be of service to
you, baby

[Chorus]

Baby I love the way that you touch me
Tonight we gonna set the stage yeah
I just can't get enough, baby I'm burning up

But I just got one question for you baby
Tell me, have you made love lately
I just wanna know if we can take a moment
To get it right, I gotta know
Have you made love lately
Have you made
Have you made
Have you made love

[Day26]

See now that I've got you here
There's not too many things that I wanna say
Eyes just speaks so much louder than words baby
I'm telling you
Cause I just wanna take my time
And girl I wanna do you right, oh right
There's one thing that's been on my mind
Have you baby, have you made love
Have you made love, I just wanna know
Have you made love, have you made love

[Outro]

Have you made love lately
I just wanna know if we can take a moment
To get it right, I gotta know
Have you made love lately, tell me
Have you made, have you made, have you made love
