Puff, you said you wanna dance
Put ya, put ya hands up
Pour some more drink in your cup
And pass what that is that ya bumpin' on, come on

Now girl, just looking at ya
Makes me wanna save ya
Let me do you a fava
Be mine until you make a

Streets they right to ya
Just so I can show ya
If you need a Soulja
Well, I can be that for ya

What you got for me, it's alright
Girl, I'm tryna see what it's like
And I been thinkin' 'bout it all night
And it's crazy that I feel like I need it
It ain't right how you got me hot

I need that in my life
(She got me like)
I need that in my life
(She got me like)
I need that in my life
(Come on, she got me like)
I need that in my life

She got it and she knows it
I'm already on it
Got me so pluplex
Thinkin' I should be her boyfriend

Let's get right down to business
Show you how I'm livin'
Girl, I'm tryin' to get closer
So I can entertain it

What you got for me, it's alright, ooh yeah
Girl, I'm tryna see what it's like
I've been thinkin' 'bout it all night

And it's crazy that I feel like I need it
And it ain't right how you got me high, yeah

I need that in my life
(She got me like)
I need that in my life
(She got me like)
I need that in my life
(She got me like)
I need that in my life

Put ya, put ya hands up
Pour some more drink in your cup
And pass what that is that ya bumpin' on, come on
Put ya, put ya hands up
Pour some more drink in your cup
And pass what that is that ya bumpin' on, come on

Girl, she sexy from head to toe
Lookin' like she could be a supermodel
I'm takin' her with me so I can turn her on
Get her alone and make it known
She can have anythin' she wants 'cause I need it

I need that in my life
(She got me like)
I need that in my life
(She got me like)
I need that in my life
(She got me like)
I need that in my life

I need that in my life
