[Verse 1: Willie]

Girl I pray to God I'm dreamin'
And that's not my bags, next to my keys (and)
As if you throw it all away, throw away our kids (and)
The house on the hill and, all the work we put in
through the year
Babygirl, what if mom woulda left your daddy
Then I woulda never had ya
Think of where we woulda been then
Or baby what if my mom woulda met your papi
Got together and made things happen
Then we probably would've been kin

[Chorus: Willie]

You say it's over now, but I beg to differ
And I hear you loud, sayin' you don't want me no more
It's over now...
The game is over, I just lost
Tick, tick, tick... my clock just ran out
Just like the morning after
Please don't say you mean like a benediction from a
pastor
Babygirl I'm askin' you to reconsider
Everything that your feelin'
Gotta be somethin' we can work out, don't say it's over
now

[Verse 2: Mike]

Baby think about what your doin'
Don't make any hasty moves
Girl what'chu provin'?
Cause you know right now, I love you
And if I needed to, I'll do what I have to show you
That I need you baby

[Bridge: Willie / Mike Adlibs]

Babygirl what if mom woulda left your daddy
Then I woulda never had ya
Think of where we woulda been then (think of where we
woulda been, yeah)
Or baby what if my mom woulda met your papi
Got together and made things happen

Then we probably would've been kin

[Chorus: Willie / Mike Adlibs]

You say it's over now, but I beg to differ
And I hear you loud, sayin' you don't want me no more
(I hear you loud baby)
It's over now... (oh)
The game is over, I just lost (oh)
Tick, tick, tick... my clock just ran out
Just like the morning after
Please don't say you mean like a benediction from a
pastor (closin' of our love baby)
Babygirl I'm askin' you to reconsider
Everything that your feelin' (baby consider baby)
Gotta be somethin' we can work out, don't say it's over
now

[Verse 3: Robert]

Call the war off, bring the troops home
But please don't say it's over now
My heart can't take no more
I been sayin' this for so long
You can take everything I own
But please don't take your love from me
It's the most important thing

[Chorus: Willie / Robert Adlibs]

You say it's over now, but I beg to differ (it's over now)
And I hear you loud, sayin' you don't want me no more
(said I hear you loud)
It's over now... (it's over now)
The game is over, I just lost
Tick, tick, tick... my clock just ran out (just ran out)
Just like the morning after (morning after, yeah)
Please don't say you mean like a benediction from a
pastor (benediction from a pastor)
Babygirl I'm askin' you to reconsider
Everything that your feelin'
Gotta be somethin' we can work out (oh no)
Don't say it's over now...
