You know sometimes I get the itch
For a big fat punker bitch
We've been driving all day on this stinky bus
When this gigs over were gonna get
Fucked

Punker bitch with your ass so wide
Spread your legs and I'll climb inside
Punker bitch in your spandex tights
I don't wanna see so turn off the lights

Oh punker bitches
Their pussies smell like fishes
Punker bitch with your warty tongue
I know that you can make me cum

I'll stick my cock right in your face
And blow my load all over the place
Punker bitch I wanna push some poo
If I get drunk I might just bugger you

But punker bitch I'm not your lover
When you role over I'll run for cover
Oh punker bitches
Their pussies smell like fishes
Punker bitches have fleshy lips

Their lips were made to suck on dicks
Punker bitches have great big tits
Hairy asses all covered in zits
Punker bitches have lots of holes

So there's room for us all in their stinky roles
Punker bitches are all sluts
When they hear this song their gonna hate my guts

Oh punker bitches
Their pussies smell like fishes
