Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma champ on the track
Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma put it on her

Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her
Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her

Honey walked up in the club dress lookin' like it's
painted on
I can tell that she aint got any panties on
But baby that's the way that I like it, yeah
And I know she's from the hood
The way she drop it so hot
Booty bumpin' like the sounds in my car
She should, let me take it up a notch
Get her off the block, and take her to my spot
And it's on ..

Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her
Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her

I hope she ready, she about to get it
Because she move her body
So Imma bout to hit it
Now put it on her, (put it on her)
Now put it on her, (put it on her)
Imma, Imma put it on her, (put it on her)

She got me in a daze
Thinkin' bout the ways Imma get it tonight
Imma put her on my stage

Let her do her thing, let her play on the mic
She got that swaggger
The way she move it like a pro
Love the way she drop it, get low (get low)

That's why I let her, cause I gotta get her home
Show her how I do when I put it on

Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her
Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma, Imma put it on her

I hope she ready, she about get it
Because she move her body
So Imma bout to hit it
Now put it on her, (put it on her)
Now put it on her, (put it on her)
Now put it on her, (put it on her)
Now put it on her, (put it on her)

Baby tell me if you're ready to go home with me,
tonight
I got the bed ready girl I'm gonna set you free, tonight,
tonight

Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma put it on her
Imma put it on her, Imma, Imma put it on her
Imma, Imma put it on her, Imma put it on her

I hope she ready, she about get it
Because she move her body
So Imma bout to hit it
Now put it on her, (put it on her)
Now put it on her, (put it on her)
Now put it on her, (put it on her)
Imma, Imma put it on her, (put it on her)

Baby tell me if you're ready to go home with me,
tonight, tonight.
