

Day26**"Sit On My Face And Bleed"**

Oh baby, it's rag time
Makes me happy
Don't lick the wound
That never heals
It's my sex therapy

Come sit on my
Face and bleed
We've discussed this before
I know it pleases
The fuck out of you
When I stick my tongue
In your butt and
Lick the poo
Oh baby
Said oh baby
Oh baby
It's rag time

After this session
Will you lick the cum
Off my face
Let's do it again

Come sit on my
Face and bleed
We've discussed this before
I know it pleases
The fuck out of you
When I stick my tongue
In your butt and
Lick the poo

Oh baby
Said oh baby
Oh baby
It's rag time again

I know that no one else
Will do this for you
Cause I consider myself

A mortal god

Come sit on my
Face and bleed
We've discussed this before
I know it pleases
The fuck out of you
When I stick my tongue
In your butt and
Lick the poo
Oh baby
Said oh baby
Oh baby
It's rag time

I have no intelligence
Just stupidity
That's why these lyrics
Were written by me

Come sit on my
Face and bleed
We've discussed this before
I know it pleases
The fuck out of you
When I stick my tongue
In your butt and
Lick the poo
