My girlfriend needs to loosen up. before we fuck she has to get drunk. wakes up trashed can't face the day. can't stay this way she has to get drunk. stupid fuckin' drunk cunt givin' up on herself. the only thing that matters is drinkin' away this hell... house is a mess there's nothing to eat. she needs to forget has to get drunk. here all alone just pullin' my dick while she's out with the boys spendin' my cheque. stupid fuckin' drunk cunt ashtrays flying through the air. if that doesn't kill ya she'll try & pull out all your hair!
