"The Land Of The Midnight Sun"

There's a hundred thousand basements in victoria. but
there's one thing about them most people don't know.
every other one's got a little secret garden and all the
rest got a great big light show. the land of the midnight
sun is up on vancouver island. it shines hot and bright
on through the night. in the land of the midnight sun
way up on vancouver island. bubble bubble bubble toil
and trouble. if i don't kill these goddamn bugs i ain't
gonna get no buds. snip snip snip cut and trim. as soon
as my crop comes in gonna buy my gal a diamond ring.
the land of the midnight sun is up on vancouver island.
it shines hot and bright on through the night. in the
land of the midnight sun way up on vancouver island.
