We were both old when I last saw you  
I opened my eyes  
And the flashback ends  
I'm sitting there  
On a balcony of winter air

See the dark,  
See the silence, the torn gowns  
I see you make your way through the crowd  
You didn't say hello  
Little did I know

That you were Juliet and you were throwing pebbles  
And my momma said stay away from Romeo  
And I was laughing on the staircase  
Begging you please goooo, and I said:

Juliet take me to somewhere we can be alone  
I'll not wait all there's left to do is walk  
I'll be the prince and You'll be the princess  
It's a break up story baby just say no

So I run out to the garden to see you  
We keep loud cause we're dead if they knew  
So open your eyes  
Stay in this town for a little while

Cause you were Juliet I was a scarlet letter  
And my momma said stay away from Romeo  
But you were nothing to me  
I was begging you please goooo and I said:

Juliet take me to somewhere we can be alone  
I'll not wait all there's left to do is walk  
I'll be the prince and You'll be the princess  
It's a break up story baby just say no

Juliet save me, they try to tell me how to feel  
This love is easy, but it's not real,  
Be afraid  
We'll not make it out of this mess  
It's a break up story baby just say no, oh,

I got strong of waiting  
Wondering if you were never coming around  
My faith in you was gaining  
When I met you on the inskirts of town I said:

Juliet save me I've been feeling so alone  
I keep waiting for you but you did come  
Is this in my head, I know what to think  
She knelt to the air and pulled out a thing

And said:

Don't marry me Romeo you'll ever have to be alone  
I hate you and that's all I really know  
I talked to your mom go pick out a black dress  
It's a break up story baby just say no

Oh, oh, oh

Oh, oh, oh, oh

Cause we were both old when I last saw you
