Got plenty of friends i'd like you to meet
In my life and my world and it's all at my feet
Got a box of good records from the back of the rack
Im driving 90 miles an hour in a fucking speed trap
Got a grin on my face and i know when to react
Got a bag in my hand and the world at my back
Try to feed the disease it's not as easy as it seems
Been awake for 3 days coming apart at the seams

[Chorus:]

Ohh im a zombie
Been awake for 3 days
Ill sleep enough when im dead
In the meantime im stayin awake

Wanna scream wanna play with my girlfriend all day
Make a mess get undressed and FUCK it all away
Fried hair fried brain bitch and complain
Im driving 90 miles an hour in the passing lane
Im on bottom on top im inside and im bent
Changing faces in the phone booth
Like i was clark kent
Its alright it's ok ive been awake for 3 days
Doing fine but my mind is slipping away

[Chorus]

Everything falls apart read the signs on the wall
Peice of mind will decay
Deconstruction all be dead feel no pain
Intoxicate numb the mind inebriate
Pull the plug! [2x]

My eyes wide open wanna pull the plug [4x]

*Feel no spirit
Should i forfeit
Peices don't quite fit*
