Down at Thompkins square park where the locals are
Pumpin' up on passion taking it a bit too far Reaching
into fury someone's talking to you Finger on the trigger
everything is in view Mr. Pastey dead man such is life
Isn't it just something that somebody said? Meet a
wicked woman take it a bit too far Demons in your mind
love who the hell they are

Round and round in dizzy spinning circles Steam
makes it hard for me to see So I feel...
