Oh!
Watering eyes
Fall into oceans as
Guns shots are heard
Halfway across the world
I've taken photos
Of all your torture cells
And I've taken photos
Of all the lies you tell

The skeletons hiding in your closet are dancing to the
sound of your voice

Singing out
"I'm telling the truth"
Well I'm telling you
That it's over
Our tear drops
Stain these streets
As we dance
Through the night.

And in shadows
Await our ghosts to
Tell tales of malice
And of this
Two-faced town
Left to rot
Under our feet

Our tear drops
Stain these streets
As we dance
Through the night.

I built you, I built you a coffin
I built you, I built you a coffin

'Goodbye' has not been
Said enough times
To let me rest my head

On this pillow
Lined with heart beats
And screams.

I'll never wake up
In your arms,
We'll never see
The pretty face we kissed
We've built this earth
On destruction and hatred
Lies are the blueprint
For humanity
